

BOOTIES

Protect your dog's paws!

QUALITY MATERIAL

Our Booties is made with durable, stain resistant, U.S. made 200 weight polar fleece with a Cordura bottom. The high grade and light fleece keeps your dog's paws warm and comfortable while the Cordura bottoms provide protection from sharp objects, road salt, snow, ice and other harmful elements . The Booties is also machine washable for your convenience.

FUNCTIONAL DESIGN

Designed with your dog's unique shape in mind – the Booties are made for its long legs. Our signature “sock-like” design makes the Booties functional as they are comfortable for the dog's paws – conforming to its paws. This unique design also makes our Booties ideal to be use to protect an injured paw as there is no hard rubber sole to cause any discomfort and ill-fit. Our Booties are secured easily with a Velcro strip at the top.

VELCRO STRAP

Velcro strap on top of the Booties easily adjust to the legs of your dog. It is used to secure the Booties to its legs with little or no hassle.

CORDURA BOTTOM

Water-resistant and durable, Cordura bottom provides protection with comfort. Protective Cordura bottom extends the entire bottom of the Booties with extra coverage in the back and on top for walks in the snow and ice. Cordura's pliable nature allows it to conform to abnormally shaped and injured paws – providing coverage with versatility.

Set of 4 Booties
